

LUIS ROSA

miguelrosa0105@gmail.com | <https://www.linkedin.com/in/luis-miguel-rosa-332626201/>

Passionate software engineer with 2 years of experience working on ERP and POS development, interested in focusing on **Fullstack** development with technologies such as React and .Net. Throughout my professional career I have fostered the use of agile methodologies in my work environments, as well as utilized **Test Driven Design** to create testable and scalable code. Recently, I concreted my **cloud computing** skills by earning the **Azure Developer** Certificate.

EXPERIENCE

January 2023 - Present

Software developer | CEO Consultoria

- Developed a simple **microservice system** for processing **electronic billing** in the Dominican Republic.
- Encouraged the adoption of **Agile methodologies**, boosting team efficiency by 20%
- Resolved critical production issues of SAP plugins made in Java, JavaScript and C#, demonstrating strong problem-solving skills.
- Developed services to integrate data between external systems and SAP B1.

July 2022 – December 2022

Software developer and analyst | AVACOMP

- Collaborated with stakeholders to gather and analyze ERP requirements, ensuring accurate project scope and delivery.
- Developed new requirements for an ERP following **Clean Architecture with Domain Driven Design** and using .NET 6
- Developed and maintained documentation for software architecture, APIs, and system requirements.

EDUCATION

July 2019 – April 2023

Bachelor of software engineering | INTEC

SKILLS

- .Net
- Java
- React Native
- React
